## **Expectations From The ‘Citizens’**

Students are expected to contribute to community welfare, inculcate scientific outlook and respect for physical labour and ideals of democracy, patriotism and peace.

Parents are expected to be proactive in institute and his/her ward related activities.

Farmers are expected to serve as an in-community representative for new agricultural inputs or cultivation techniques and to team up with the Institute scientists.

Staff are expected to respect the right and dignity of the student in expressing his/her opinion, deal justly and impartially with students regardless of their religion, caste, political, economic, social and physical characteristics, recognize the difference in aptitude and capabilities among students and strive to meet their individual needs and treat colleagues in the same manner as they themselves wish to be treated.
